Crafted from premium polymer vinyl, your planter will be strong and durable, have beautiful detail, and will never need to be painted or stained – it's a perfect solution to your potting needs. We fabricate all of our products to create the look of wood without the traditional maintenance. The occasional rinse with a garden hose is all you need to do to keep your planter box looking great year after year.

***All boxes are custom built,  
contact us with your size and we'll  
make up a quote for you***
